

FEE SCHEDULE

Laboratory Testing Services

Evidence screening and body fluid identification- \$250 per item

- Screening evidence for biological (blood, semen, etc.) fluids
- Documentation of evidence via sketches and digital photography
- Documentation, collection and preservation of trace evidence (hair, fiber, soil, etc.)

Identifiler® DNA analysis (15 locus STR testing plus gender determination) \$1,195 per sample

- For industry standard STR-DNA testing
- Includes 13 core CODIS loci
- 20 business day turn-around time standard

Identifiler Plus® DNA analysis (15 locus STR testing plus gender determination) \$1,195 per sample

- Great for partially degraded samples
- Includes 13 core CODIS loci
- 20 business day turn-around time standard

MiniFiler® DNA analysis (8 locus STR testing plus gender determination) \$1,195 per sample

- For challenging samples
- 20 business day turn-around time standard

Profiler Plus® DNA analysis (9 locus STR testing plus gender determination) \$1,195 per sample

- Includes 9 core CODIS loci
- Includes 6 core CODIS loci
- 20 business day turn-around time standard

COfiler® DNA analysis (6 locus STR testing plus gender determination) \$1,195 per sample

- Includes 4 core CODIS loci to complement Profiler Plus for a total of 13 core CODIS loci
- 20 business day turn-around time standard

Y-filer® (17 Y-STR locus testing) \$1,195 per sample

- For male-specific DNA samples
- Great for challenging sexual assault evidence
- 20 business day turn-around time standard

Rush Services*

- 4 *business day*** turn-around time **Add \$1,195 per sample**
- 7 *business day*** turn-around time **Add \$895 per sample**
- 12 *business day*** turn-around time **Add \$595 per sample**

*Day 1 of testing is defined as the first business day after the evidence is received

**The scope of work and number of samples must be clearly delineated upon receipt to meet this request
